ABOUT ME (Profile)

Highly driven graduated student with a Bsc. (Hons) in Information technology specialized in Interactive Media from the Sri Lanka Institute Of Information Technology and an experienced in logo designing, UI/UX and vector tracing who has gained a sound knowledge by being in the industry for more than 3 years. The fields that I have been engaged are as follows, cinematography, UI/UX designing, digital marketing, film making, game designing, and development. Clients who I have been working, ensures that I provide them high-quality service.

WORK EXPERIENCE

Founder and Managing Director | KIDS WITH DEE

Kids with dee is a kids photography studio recently started by me. All the costume design, color coordinating and photography conducting by me. This companies long term goal is to bring the kids photography to new era.

2020

Costume coordinator and Director | Thejan Ar. Photography

This company basically target around wedding photography and Pre wedding sessions. What i do is coordinating couple's pre wedding session costumes and directing the shoot.

2019

UI/UX Designer | Ideops Solutions

This is a recently started web design company and i was the UI / UX Designer until mid of 2020. While doing UI/UX designing i did creative designer role also.

2019

2nd Assistant Director | 24 Frames

This company is a well known tv commercial production company and i was a freelance second assistant director. I did several tv commercials with this company.
